Many Citizens Protest Water Rate Increase

A turbulent meeting of water users held in Nevada City Chamber of Commerce Wednesday evening, in protest to the attempt of the city council to levy an equable rate for summer irrigation, after much talk and the airing of major and minor grievances, many of them unrelated to the water question, resulted in the appointment of a committee to confer last night with the city council.

Francis G. Finnegan presided. He stated that there was much disatisfaction over the irrigation rates as tentatively set forth in a notice sent to all water users. He compared the city's rates with those paid in Grass Valley, $2.00 per month in this city as against $1.25 in Grass Valley. He called for an expression of views on the part of four score persons present. The response was immediate and vociferous.

Frank Dillon held the floor for a few minutes, in which he advocated recalling the city council on the ground that they had appointed three men to do the work that was formerly done by a man with but one arm, in the halcyon days of yore. He objected to their titles, to the money paid them in salaries and to their coming into city employment from the "outside."

William Maguire and J. F. Dolan engaged in a debate regarding whether or not a certain large tax payer in the city who has wonderfully improved a corner that was formerly an eye-sore, should be obliged to pay extra for summer irrigation water.

Councilman Ben Hall was present, and asked for a statement, quoted figures to show that though Grass Valley citizens individually paid less than Nevada City residents for water, that Nevada City as a community, used practically the same amount of water as is used in Grass Valley. He declared that the council was faced with the necessity of raising more funds, that a few people were being taxed for irrigation for summer use, and in order to equalize this burden, the council had proposed tentative rates under which all water users would pay amounts proportionate to the quantity used.

Early in the meeting a resolution adopted by the Women's Civic club was read by the chairman. It follows:

WHEREAS: The Council of Nevada City is under censure for the recent establishment of tentative water rates for irrigation and

WHEREAS, The rate paid by the City to the Nevada Irrigation District remains at 16c per inch, and

WHEREAS: Many irrigators have never been billed for nor have paid any tax for irrigation of their grounds, and

WHEREAS: It is the policy of progressive cities to make their water rates on a basis to encourage home owners to improve their grounds, thus making such cities attractive to home seekers and not on a basis of revenue from which other municipal works are supported, and

WHEREAS: The Women's Civic Club, through its gardens Section and its annual Flower Show, have inspired and encouraged the improvement of home grounds with the hopes of developing a more beautiful community,

THEREFORE BE IT RESOLVED:

That the Women's Civic Club, while approving a fair charge for irrigation water, protests unequal rates and urges the City Council to reconsider its action, to the end that the whole schedule of water rates be revised and equalized.

FURTHER BE IS RESOLVED:

That the Women's Civic Club requests the City Council to consider the advisibilty of dividing the city into two sections for irrigating hours, having different hours for the higher and lower levels, thus giving more equitable distribution of pressure.

FURTHER: That this club go on record as emphatically pritesting the use of a meter system for water users.

Further: That a copy of these resolutions be sent to the City Council, the Chamber of Commerce, the Nevada City Nugget and the daily Morning Union.

MRS. CHAS. E. PARSONS,
President.
B. R. DOUGLASS,
Sec. pro tem.

Geoorge Gildersleeve, while the discussion was at its warmest, finally proposed that the chairman appoint a committee to present he proest of the assembled water users o the city council. The chairman appointed George Gildersleeve, J. F. Dolan, C. S. Arbogast, Mrs. C. E. Parsons, Ludwig Netz and R. E. Harris.

KENTON MINE BUILDS BUNK HOUSES FOR MEN

The Kenton mine near Alleghany has started construction of several new mine buildings, among them being a ten room modern bunk house to cost approximately $3,500. This building will house 20 men.

In recent months some mine equipment has been installed. Dick Stewart is the very able superintendent.

This property is being opened by the Proctor and Gamble people of Ivory Soap fame, they will use flotation to float the gold.

ROCKY GLEN MINE

Between fifteen and twenty men are employed at the Rocky Glen mine in the Graniteville district, which is being opened by Fred Searls and associates.

The company is still driving ahead in the long tunnel to cut an ore shoot that holds good promise. Mr. Bongard is in charge of the property.

RATTLER'S BITE FAILS TO PHASE THIS MAN

ALLEGHANY, July 28.—This place boasts of one of the toughest men in the state, and can back up an authentic story to prove it. Last week, Scotty, a well known woodsman of this place, while working in the timber, felt something strike him near the ankle; he thought he had ran into a snag, and paid no attention to it. However, within a short time, he felt considerable pain in the leg, and looking down, found a large rattlesnake with its fangs buried in his leg. He quickly kicked the snake loose with the other foot, killed the snake, and went about first aid. He had no knife, and tried to cut the bite open with a sharp rock, but this was unsuccessful, so started to walk to the Kenton mine, some three miles away.

He walked little over a mile in the hot sun, and began to feel faint and weak. Luckily a car came along and took him to the mine where first aid was given; Dr. Hardy was summoned, administered medical attention, and the patient recovered.

CAMP FIRE GIRLS

The Camp Fire Girls from Colfax, Grass Valley, Nevada City, Auburn, Penryn, Roseville and Lincoln, are now at Kilborn Lake for a two weeks stay under the direction of Mrs. Thelma Bond, guardian, of Grass Valley. Miss Mary Kemper and Clarice Masson, of Auburn, Miss Baille, of Penryn, and four older Camp Fire Girls. Scout Executive Harris Ricksecker is supervising the commissary and general camp routine, assisted by H. S. Beecher, W. L. Holings, Sam Partridge, swimming instructor, and Jack Schultz and Ben Ramsey, of Colfax. Mrs. A. Dalby, is cook.

TWO LTTLE GIRLS BAPTISED

The wo little daughters of Mr. and Mrs. Richard Haddy were baptised into the Episcopal church Sunday with Rev. Charles Washburn performing the ceremony.

The little girl's names are Shirley Marie Haddy and Joan Elaine Haddy. Mr. and Mrs. Jack Grizzel were godfather and godmother respectively.

PROSPECTOR'S OLD RED NAG COMMITS SUICIDE

Here's an addenda to the story of James (Jimmer) Grimes, veteran prospector of Nevada, who fathered the Divide boom and salted his profits away in government bonds, and who now owns the American Flag mine and is in Nevada City with the intention of going after whatever is in it.

Jimmer Grimes owned an old red horse, his favorite locomotion on the desert. Times were hard in those lean years and Jimmer Grimes criscrossed the desert many a time and oft during the long lonesome search for gold. The old red horse grew discouraged. He lost his pep and finally one evening, the very evening before the big discovery of Divide, the horse gave a pitiful whinny over his shoulder toward Jimmer's camp, thrust his wispy tail in the air, then took a long running jump off a high cliff. He had committed suicide.

Jimmer Grimes never recovered from this loss, and while subsequently he bought two horses to take the place of the old red nag, the war came along and these etaoin eatoin shrdlu etaoni unuu these steeds patriotically volunteered and went up to the froont in cans. Jimmer now drives an automobile.

COUNCIL TO SET LATER DATE FOR WATER HEARING

The city council last evening decided not to meet with the citizens committee, protesting against the proposed summer irrigation water tax, until a later date, in order to transact its regular business last evening.

The contract for the change house and lockers, of Tredennick & Ross $2,440 was accepted. Attorney Wright will draw up the iontract.

Under the SERA the unemployed of this district will be given work at the Nevada City airport.

Water Collector Wright reported that total current bills for water for July amounted to $1,834.85, and the amount actually collected was $2,-151.10. He is making rapid progress in collecting past due water bills.

The following bills were ordered paid:

GENERAL FUND

Frank Wright, $85; Garfield Robson, $125; Geo. Calanan, $20; Mrs. Emma Foley, $12.50; Miles Coughlan, $12.50; Doctor E. M. Roseuer, $25; W. P. Jones, $65; H. S. Hallett, $62.50; Nevada Irrigation District, $486.40; Miners Foundry and Supply Co. $25.71; Betty West $9.02.

Cristenson Bros. $35.75; Sam Trevathick, $7.50; Nevada City Garage, $97.58; Nevada City Nugget, $58.46; B. F. Wright, ...1.10; Union Pub. Co. $44.04; P. G. E., $247.34; Nevada Co. First Road Dist. $36; Plaza Garage, $12.23; City of Grass Valley $2.50; P. T. & T. $3.35.

Automobile Registration, $15.29; Calif. Fire Exting. Co., $11.37; Reita Curnow, $5; Burroughs Adding Machine Co., $9.20; Addison Janes $2.06; Alpha Hdw. $91.74; Nick Sandow, $108; Charles Thomas, $80 Fred Eilerman, $52; Charles Sharp, $104; Walter Nevens, $1; Ray Wilde $4; Ray Daves, $8; Bacon and Co. $1,090.88.

FIRE FUND

E. J. N. Ott, $38.01; P. T. T. Co. $2.55; Calif. Fire Extinguisher Co., $10.76; Alpha Stores, $2.10; H. S. Hallett, $62.50; R. E. Harris, $1.23; P. G. E., $3.75.

BROTHER-IN-LAW OF MRS. JENNIE PRESTON PASSES ON

Mrs. Jennie Preston has received the sad news of the passing of her brother-in-law, H. H. Preston in the Providence hospital in Oakland last Friday. He has been ill for some time and leaves a devoted wife to mourn his passing. Mr. Preston was the brother of the late Ben Prestin, of Nevada City, and had visited here many times.

VOTERS URGED TO SCAN RECORD OF CANDIDATES

SAN FRANCISCO, July 31.—Lashing the political bosses, and asserting that the people of California will not elect to the governorship a candidate controlled by special interests or dominated by the pilitical traders, former Governor C. C. Young tonight called for an examination of the records of various gubernatorial aspirants, in an address in the interests of his candidacy for the Republican nomination for governor.

Young's statement, in part, follows:

"For the last few weeks I have traveled thousands of miles in different sections of our state. I have met many thousands of our citizens; and have been received most cordially by them everywhere. It is true that the politicians have never shown me this kindliness. They want for governor the type of man with whom they can make political trades; but I have never been a political trader. Forunately for me, this election is one that the politicians will not decide; but it will be decided by the great masses of California's men and women who in the present critical emergency propose oo subtrdinate politics to the common good of the state.

"My travels throughout the state, moreover, have confirmed me in my belief that the ideals of our citizens have not changed; that our voters are interested in a government responsive to the people, operated for the welfare of the people and not for the welfare of a few special interests; that they realize the first task before the State Government is to put the affairs of the state in order, so that it can meet the tremendous demands that are now being made upon it; that these demands can only be met by the type of business administration which for four years I gave to the state.

"That is my pledge to the people of California; to give them the type of administration that the progressive people of the state have always fought for, the type of administration that has a certain definite aim in conserving the finances of the state. Thus it will be made possible to continue what after all is the state's most important function—a proper care for the education of the young, the welfare of the aged, the relief of the unemployed, the priper administration of our humanitarian institutions, and all the other duties which are inseparable from a humane and enlightened government."

TUNNEL DRIVEN AT YOUNG AMERICA MINE

H. R. Plate, who is in charge of the Young America and Mountain mining properties on Sardine Lake, above Sierra City, was a business visitor in Nevada City yesterday.

A crew is engaged in driving a tunnel on the No. 4 level to pick up the old Parker ore shoot. At present a lot of water is being encountered in mining operations that hinders work to some extent.

In the Mountain mine, men are driving ahead in the old Berry tunnel from the Sardine Lake side on a strong vein to strike the old Mountain ore shoot. Eighteen men are employed at the property.

MINE DEVELOPING ON THE TOMPKINS ESTATE

Alfred Haddy and son, Dick, Haddy, of Nevada City are developing the Tompkins estate mining ground on Sugar Loaf and have given the property the name of Orrin Tompkins in honor of the son who is employed in the Nevada City Garage.

They have cleaned out and retimbered the 52 foot shaft which was sunk 45 years ago. The formation promises well and Mr. Haddy feels that with past reports they will have a worthwhile property.

Miss Frances Powers, of the bay region, came up a few days ago and is visiting with Mrs. Kate McCormack.

Englebright Covers Wide Field in Service to Mining Industry

Congressman Harry L. Englebright, just returned from Washington with his family, yesterday gave the Nevada City Nugget the high lights of his activities in the session just closed, as affecting the gold mining indutry. Through his efforts these things have been accomplished:

1. Hydraulic mining now has three channels through which it may obtain Federal assistance.

(a) PWA loans for the construction of debris dams on basis of yardage assesment paid by gravel mine owners.

(b) A new act, of which Mr. Englebright is the author, which will permit Congress to appropriate money outright for the construction of debris dams and to assist hydraulic mining by other means.

(c) A provision in the report of the President's Waterflow Commission which will permit this commission to aid with loans the construction of debris dams.

2. Amendment of the regulations of the National Securities Commission which will permit small mining companies, under a capitalization of $100,000, to proceed under the law governing stock sales, without incurring the responsibility of criminal and civil liabilty, in case, their projects should fail for any reason not their fault.

3. By his argument before the sub-committee, dealing with revenue measures, put an end to any immediate proposal to tax gold.

4. Helped to put through the measure under which the R. F. C. may make loans to mining corporations and individuals under certain conditions.

HARRY L. ENGLEBRIGHT
Congressman from this district whose recent services to the gold mining industry are herewith summarized.

Behind this bare recital of what Mr. Englebright has accomplished for the gold mining industry of California, is a stirring, dramatic battle, which taxed his utmost resources. For instance, the Board of U. S. Army engineers, while approving the report of the California Debris Commission, which held that aid for hydraulic mining was both feasible and needed, demanded that a thorough survey hould be made before any money was expended for debris dams or other works for its assistance. This survey the Debris Commission estimated would cost $95,-000.

Englebright applied to the PWA for the money and was promptly turned down, because it did not afford enough relief, requiring high salaried engineers in the main, for the work. Any attempt to obtain money through a Harbor and Rivers appropriation was out of the question for the administration had tabooed any appropriation for that committee for the past session. He finally found that the Board of Army Engineers had an emergency fund of about $200,000, and persuaded that board to use $95,000 of it in making the necessary surveys. These surveys are now being made and will probably be completed before Congress meets again in December.

Then there was the proposal to tax gold. Englebright, regarded as the man in Congress best informed in all the ramifications of the gold mining industry, was called before a sub-committee, which was proposing to tax gold as a revenue measure. He pointed out to the committee that all mining companies already pay income and excess profits taxes, and that this special tax would be in nature of class legislation, that for years the entire gold production of the United States amounted to but $50,000,000 a year, and if, as the committee proposed, it taxed only that portion of gold production above the old $20.67 valuation, it would mean, were the tax as much as 10 per cent, only $3,500,000 revenue would be raised at the expense of what after all is only a minor industry, compared for instance with asparagus or potatoes. And were the gold mining industry given a big setback other allied industries which supply materials and machinery for mines, would correspondingly suffer. In other words instead of increasing employment, a gold tax measure would very materially reduce it. The subcommittee subsided and Mr. Englebright regards the issue as dead for sometime to come.

STATE TO HAVE 166 C C C CAMPS BY OCTOBER 1

California will have a total of 166 CCC camps for the fourth enrollment period of October, 1934, to April, 1935, according to the word just received by U. S. Regional Forester S. B. Show from Robert Fechner, Director of E. C. W., Washington, D. C. This total includes 24 drought relief CCC camps assigned to this state and almost equals the number during the first enrollment period beginning in May, 1933. California's total quotas of CCC camps for the four enrollments exceeds those for any other state.

One hundred and three camps will be located on the national forests, 28 on private land in 19 counties under the direction of the State Division of Forestry, and the balance on national and state parks. Inspections are now being made by Army authorities of proposed new camp sites which will be ready for occupancy by Oetober 1. It is expected that most of the CCC companies will reoccupy the camps used last winter and that of the total quota less than 20 per cent will be new locations.

The same administrative set-up will govern the Emergency Conservation Work inaugurated by President Roosevelt last year. The Department of Labor will select eligibles for the CCC, the army will have charge of the mobilization, transportation, feeding, pay, and general care of the men, and the Departments of Agriculture and Interior, through the Forest Service and the National Park Service, will plan and supervise the work.

Although the CCC accomplished a great amount of useful and necessary work during its first year, this is not, according to Chief Forester F. A. Silcox, as important as the social side of this great youth movement. That the general public is aware of the value of the CCC as a benefit to unemployed boys is evidenced by the opinions expressed in several hundred letters from persons representing 15 vocations, professions and organizations in California who believed that the moral and spiritual rehabilitation of the boys is equal in value to the protection and improvement of forest resources.

Fred Tourtellotte of Big Creek, Fresno county, has taken a life lease on a building site on the holdings of Will Davis, of Willow Valley, and is erecting a home there. The Davis and Tourtellotte families are friends of long standing.

Miss Mollie E. Brown, of Lime Kiln, is visiting with Mrs. Katherine Celio and children for a time.

MODERATION IN ALL THINGS

The protest meeting held at the Chamber of Commerce rooms Wednesday evening, developed one grievance against the city council. The water rates do not bear equally upon all rate payers. The proposed extra rate for summer irrigation, for some years, has been paid by a few and ignored by the many. The city council now proposes that everyone shall pay somewhere near to proportion in which he uses water for irrigation.

A moderate proposal that a committee be appointed to carry the protest of the seventy-five or more people present, to the city council, at its meeting last night, finally won the day.

One hot head abused the city council roundly for spending too much money. It was ever thus. The good housewife is blamed of breaking eggs to make an omelet. The city council must spend money to give good streets, police and fire protection, and water service, and in the same breath it must not raise taxes or water rates.

Ignorance of how city government is conducted cropped out amazingly. One speaker, told that the majority of the citizens have demanded a swimming pool and that a swimming pool costs not only for its construction but for its maintainance, exclaims: "But that is a bond issue!" As though the tax payers did not have to pay off those bonds!

For the last two years the city has been growing, steadily marching forward in population, and much of the new population is demanding those conveniences and facilities in the way of streets, lighting, water service, fire and police protection to which they have been accustomed in other cities before coming here.

These protest meetings are the growing pains of a live, progressive city.

The city council does the best it can to make both ends meet. It is literally a thankless job. Without one cent of pay, at the expenditure of their own time, gasoline, and often money, they serve the city for the honor of serving. To abuse a good city administration, therefore, is to invite all sound business men, such as we now have on the city council, to refuse absolutely to seek the office. In time we would have nothing but radicals and ne'er do wells on the city council.

Everyone protesting this water rate innovation should try to place himself in the position of the members of the city council and acquaint himself with some of the problems that they are trying to solve.

One suggestion, which at least, would greatly reduce the cost of water to the city, is that the city council order an inspection of every water tap in the city limits, with the instruction that the inspector make necessary repairs on the spot and charge to the householder the cost of those repairs. There are are probably a thousand leaky taps in Nevada City, with water running to waste into the sewers, for which the tax payers are footing the bills with their good money. If this were done, we surmise the water bill paid the N. I. D., by the city council would be cut at least 25 per cent. This is one thing that should be done immediately.

In the meantime, pending the settlement of this issue, let every water user, view the problem not from the point of view of his own interest entirely, but from the point of view of the city council, which must come immediately to grips with the question of how to raise sufficient money to meet the demands of a growing city.

Let there be moderation, and due consideration for all the factors, in the discussion of this problem.

MEASLES CLOSE SCHOOL

CAMPTONVILLE, July 31.—The Camptonville Union grammar school was closed Monday for one week by the Board of Trustees on account of an epedemic of measles in this section. Out of 22 pupils in one room, only 5 were present Monday morning. Although the disease is quite light, it is widespread and has ruined the attendance of the school.

STOCKTON HILL MINE

Grass Valley men are financing the reopening of the Stockton Hill mine, located in the Forest Springs district south of Grass Valley.

A crew is now engaged in unwatering the main shaft, and work of developing the property will start as soon as this is completed. Excellent ore was taken out by former operators, some of the rock showing free gold.

The Typical Tropical Tramp

I found the man down at Botarri's,
Slumped over a beaker of rum;
His face in the smoke filtered lamp light
To me seemed repellantly glum;
But the eyes of the lonely old vagrant
Were truly not those of a scamp,
So I offered a smile and a "howdy,"
To a typical tropical tramp.

Then something awoke in his bosom—
An ember from years that were dead
Glowed there for a moment before me,
Responsive to words I had said;
So I drew a chair up to the table
And under the flickering lamp,
I sat for an hour just talking
With a typical tropical tramp.

Enchained by the stories he told me
Of ways that were foreign to mine,
I sought him each day for a fortnight
And plied him with questions and wine;
His face and his form had been branded—
Each bore grim adversity's stamp,
But wisdom and romance I garnered
From my typical tropical tramp.

And it wasn't his outward appearance
That mattered to me at the end,
We stood hand in hand on the gang plank
And said, "adios," friend to friend;
And sometime when palm trees are rustling
And west winds with salt spray are damp,
You'll find me again at Botarri's
With my typical tropical tramp.

A. Merriam Conner.

SCOUTS IN CAMP PASS HARD TEST

The third week of Scout camp at Kilborn Lake closed after an eventful and pleasant week for the 70 present. Ten hikers, explorers, were out for 5 days carrying all their food on their backs. During this time they fished in many lakes and streams including White Rock Lake, Fordyces, Hole in the Wall, and in North Creek. The regular camp over-night trip was changed from Castle Peak to Hole in the Wall lakes, where fishing and swimming were enjoyed. Later in the week short trips were made to the Weather Station, the Southern Pacific interlocking plant at Norden and to Ice Lakes.

Five more Scouts passed the Red Cross Life Saving Test. The last Court of Honor in camp for this summer was held at Colors Saturday afternoon, was the largest in point of numbers advancing. Twenty-seven advancing or earning a Merit Badge.

This year has been the most successful camping season from a number of view points. It has had the largest and the best staff, more effective outdoor training and better opportunity for leadership training. Donations of equipment for camp continued to come in. E. E. Huskinson, of Roseville, filled a long wanted need, when he presented a drinking fountain; L. H. Reynolds presented the camp with another hand fire extinguisher, making four now at camp; R. D. Robinson presented a blacksmiths anvil; the Colfax Lions Club presented a tent and A. J. Taylor, of Sheridan, presented $15 to be used where it could do the most good.

ORIENTAL STRIKE UNUSUALLY RICH

Authentic information concerning the extent of the recent strike in the Oriental mine near Alleghany, published in the California Mining Journal, reveals its unusual magnitude.

According to a stockholder in the Oriental, the strike amounted to $250,000. One piece of almost pure gold is said to have been worth $17,000.

The Oriental mine is considered by many the most sensational mine in the West today. An engineer who is familiar with the Alleghany district and with this mine says it is the largest strike yet made at the Oriental by the present operators.

Former operators of this famous mine recovered $738,000 from a space approximately 14 to 22 feet, according to government figures. The information is similar to the famous Sixteen to One mine in the same district, which has produced more than $75,000,000.

W. A. Hooton, engineer in charge at the Oriental, was formerly in charge of the big Ciscoe mine of Quebec, Canada. The board of directors of this company consists of the following prominent persons:

Arthur Notman is a graduate of Harvard, former superintendent of the Phelps Dodge mine and present partner of James Finley, a nationally recognized engineer.

Henry V. Ban Sinderen is a Yale graduate and a partner of Henry Tennett & Sons, oldest metal merchants in England.

Hugh Stackpole is a graduate of Harvard and a member of the New York Stock Exchange.

Reg Halladay is a member of the New York Stock Exchange, a director in the North River Insurance Co. and is a director and a member of the executive committee of the International Nickel.

LOCAL CAMP FIRE GIRL ENJOYS CAMP PAHATSI

Miss Marilyn Chapman left Sunday for summer camp at Camp Pahatsi, as the only Camp Fire Girl from the local group of girls.

There was a meeting of Camp Fire Girls at the home of Miss Zoe Tredennick, their guardian, Tuesday afternoon. The girls are now making their hat bands for the Wood Gatherers rank. A happy social time was enjoyed afterwards.

The next meeting will be held Tuesday at the home of Mrs. Leland Smith. Mrs. Smith plans to take the girls swimming after the meeting.

VETERAN FISHERMEN TACKLE HIGH LAKES

Fred Breese and J. L. Smith spent three days on a fishing trip that took them to 17 different lakes in the high Sierras. In going from Culberson Lake to Island Lake, Messrs Breese and Smith, both pioneer fishermen, had a hard climb in fact Mr. Smith's dog had to be carried, as his master outwalks him. They caught a nice mess of trout.

NUDISM NOT NEW TO LITERATURE

BERKELEY, Aug. 2—Persons who view with alarm "Nudism in Literature" were today told by Marshall Harbinson, University of California Extension Division instructor, that since seven centuries of erotic literature have failed to demoralize us, it doesn't seem likely that the immoral books now being published will suceed in doing so.

Harbinson, who is scheduled to give several new adult courses this fall in the bay region in "The Short Story; "Theory and Practice," says "Literature that has nothing more to recommend it than its licentious passages will wallow just so long in its own slime and then disappear in its own mire. It will strangle itself much faster than anyone else can strangle it."

The Extension Division instructor lists three phases of nudism in literature. He believes these to be, "the nudism that strips prose of its starched pedantic dress, the nudism that we have always had in literature and the nudism which psychoanalysts disclose.

PRAISES YOUNGER WRITERS

"In the main the first phase is a good one," he contends. "Any movement that makes unfashionable a pretentions and stilted style is a worthy one. Many of our young writers are now stripping their narratives of all tawdry finery and are revealing their thoughts in sharp, clear-cut prose."

Regarding the nudism that we have always had in literature, "If, as our moralists point out, the immorality displayed in some of our books greases the way to perdition, it is nothing short of a miracle that the human race has not gone to the bottomless pit long before this."

The third phase of nudism, Harbinson defines as that which the psychoanalysts have been instrumental in introducing into literature. He adds, "Ever since the psychoanalysts have stripped the mind to reveal human motives denuded of glamor, certain authors have been deliberately doing the same. The objections I have to this particular brand of nudism are that it robs us of our ideals and our pretty fancies, and that it is almost always more intellectually interesting than emotionally pleasant. From the psychoananlysts point of view mother love is some sort of complex, the noble hero is not really noble but repressed, and the heroine putting on her prettiest dress shows evidence of mild exhibitionism."

A. M. HOLMES

Nevada County Coroner—Offices in Nevada City and Grass Valley

Perhaps never before in the history of the county have the people given so much thought to the caliber of the man who will hold public office as well as their proved personal attributes and capabilities that would indicate how well they would hold their respective offices after being selected. This is true of the people of Nevada county, as it is of the nation. A. H. Holmes's constructive administration of his own private affairs and business has gained him a hearty regard and the respect of his colleagues, because his career as a citizen has been helpful and conducted in a sound and business-like manner. He has been indefatigable in his efforts to give the interests of his fellow citizens the best that is in him and his policies have been so manifestly honest and above board that he has won the plaudits of all, regardless of partisanship. It is such men who merit well at election time, for the day has passed when men are selected for office as a personal favor.

NEARBY··· *to serve You*

In 417 California business and residential neighborhoods the door of Bank of America is a familiar sight. This great bank is always conveniently nearby to serve its more than a million and a half depositors.

Consider this "nearness" of Bank of America when choosing *your* bank. It saves valuable time to have your bank close by.

Remember, too, that you can always deposit money in Bank of America (or withdraw it) by mail.

TRUCK LOAD LOTS DELIVERED

MINE ACTIVITY IN TONOPAH

Al Kelliher has received a letter from a Tonopah friend which states that "The old town of Tonopah is looking good for a gain. There is being shipped now in the neighborhood of 90 cars of ore per month, this of course including all the outside camps. Round Mountain is working 140 men, Tybo is working around 200 men. Lots of leasers are working both in Tonopah and the Divide. Al Silver, famous engineer who worked out a formula for the treatment of Goldfield Cons. tailings, is building a big plant at Millers to treat tailings, working 60 men. Silver Peak and Manhattan are both doing nicely also. The streets are full of new cars and good houses to live in are in keen demand."

Fritz Vollmer, former partner and employee of Mr. Kelliher, now well known mining promoter, has leased the noted old Mary mine at Silver Peak. The property was formerly owned by United States Senator Flynn of Pennsylvania, and it is now making good under Vollmer's management in a big way.

FORMER MOVIE ACTOR FINDS NUGGETS HERE

Tex Griffin, Texas cowboy, who has been sniping on Nevada county streams and is now near Purden's bridge, was in Nevada City selling his nuggets and gold dust to a local gold buyer Wednesday. "Tex," as he is known, rode the ranges of Texas, Arizona, New Mexico and Oaklahoma for about 35 years, later signing up in the movies in Hollywood for about 18 years. He has been here about a year, and last May decided to take a two week's vacation in Hollywood. Upon reaching Stockton he turned back lonesome for the kindly people of this county.

MISS BERNICE CLEMO RESIGNS HER POST IN ASSESSORS OFFICE

Tuesday Miss Bernice Clemo, ended almost ten years service in the office of the County Assessor, serving under the late Henry C. Schroeder, who appointed her a deputy in 1924.

Miss Clemo tendered her resignation to Mr. Hammill some time ago, to become effective Tuesday.

Miss Clemo was presented with a lovely string of crystal beads by her co-workers at the court house as a token of their friendship and esteem.

NOTICE

M. A. 026967. U. S. Land Office, Sacramento, California. July 12, 1934. Notice is hereby given that Laurence J. Smith and Della Jane Smith, co-owners, of Nevada City, California, have made application for patent to the Commander Placer Mining Claim, in the Canada Hill Mining District, Nevada County, California, decribed as follows: All SE¼ SE¼ Sec. 17, T. 16 N. R. 9 E. M. D.M . Adjoining land to the south of this claim is the patented Mayflower placer mine. Lot 82 to the north the land is patented to the Central Pacific Railway Company. The only conflicting claim is Lot 70, the Sandoe placer, but this conflict is not excluded from this application. Location notice is recorded in Book 29 of Mining Claims, page 127 of the records of Nevada county.

ELLIS PURLEE, Register.

NUGGET ADVERTISING PAYS!

From Our Correspondents

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, July 31.—Ed Fournier, of Sierra City, was in town Saturday on a short business visit.

Miss Helen McGinnis and companion, of Petaluma, who spent the past week visiting friends here, left Sunday for their home. Miss McGinni's parents came up to take them home. While staying here, the two girls lived in one of the new collapsable house trailers which are built and marketed by Mr. McGinnis.

The first dance of the season was held Saturday night at the Sleighville House, under the direction of B. F. McNaught and a good sized crowd was in attendance with everybody having a good time.

Dr. and Mrs. J. H. Barr, of Yuba City and Francis Ebert, were in this place Sunday visiting friends.

J. Marks, of Marysville, was in town Sunday on a short business visit.

J. E. Pauly, Myron Pauly and Hubert Long, motored to Marysville Monday.

W. Harding, of Sacramento, was in town Monday on a short business visit.

James L. Joubert left Sunday for Sacramento on a short visit.

The young son of Mr. and Mrs. L. Rose was bitten by a ferocious dog in the vicinity of Log Cabin Saturday. The dog was afterwards killed.

George E. Butz spent several days at Milton this week for the Forest Service.

S. F. Price, E. J. Price, Leslie Kendall and James Kendall, motored to Marysville Monday to attend the funeral of the late E. C. Kendall.

The many friends of John W. Bristow, who passed away a few days ago at Crockett, were shocked to learn of his death. He taught school here several years ago and was a member at the time of his death of Gravel Range Lodge No. 59 F. & A. M., of this place.

CAMPTONVILLE, July 28.—Mrs. Abner Kennady and children of Alameda, are spending their vacation visiting her parents home in the Mill Creek section.

Henry Raymond, Norman A. Costa, Stanley McCormack, Jacob Keiffer, and Jack Reed were in town Wednesday evening attending a degree meeting of the local Masonic Lodge.

Forest Ranger Frank W. Meggers motored to Alleghany Tuesday on official business.

John Porter and family, of Oakland, spent a few days visiting his uncle George Porter of Pike City.

Mrs. Agnes Weber Meade, superintendent of schools of Marysville, was in town Thursday on official business.

W. E. Hanson celebrated his birthday with a birthday dinner at his home on upper Main Street Thursday evening.

Mrs. Leonard L. Bishop and son Jack, of Oak Valley, spent Thursday in town visiting her mother Mrs. M. G. Calvin.

Miss Maud M. Ellis, county welfare agent, of Marysville, was in town Thursday on official business.

Floyd Cartwright passed through town Thursday from Quincy enroute to Sacramento.

Robert H. Deal, who has been ill at the county hospital at Marysville, returned Thursday and was welcomed by his many friends.

Eugene H. Hays is driving the Marysville stage for a few days during the absence of the regular operator E. A. Boehme.

Mrs. B. F. McNaught and M. E. Whittum motored to Marysville Friday on a short visit.

Myron Pauly and Hubert Long motored to Grass Valley Friday on a short visit.

Alton L. Lee, of the United States Navy, at Mare Island, arrived Thursday to spend a month here visiting Mr. and Mrs. Acton M. Cleveland.

County Surveyor Jason R. Meek, of Marysville, accompanied by William C. Meek, was in town on official business Friday.

Edwin Godfrey, of Pike City, was in town Thursday on a short business visit.

NORTH BLOOMFIELD

By JAMES TINDELL

NORTH BLOOMFIELD, Aug. 2.—Mrs. Marian Richards and daughter Marilin, spent Thursday with Mrs. Richard's brother and wife, Mr. and Mrs. Lloyd Dudley in Nevada City.

Mr. and Mrs. Bankus and their daughters Etta and Berniece moved here Wednesday from Nevada City. Mrs. Mattie E. Jenkins, their housekeeper came with them.

Mr. and Mrs. Herbert Hallett, of Nevada City were business visitors here on Monday.

Mr. James Coughlan's many friends will be sorry to hear of his being in the Jones Memorial hispital with a broken limb, which he suffered while working on the River Placer mine.

Those attending the Columbia Hill dance on Saturday, July 28 were: Mr. and Mrs. E. B. Dudley, Phil Cummins, Mr. and Mrs. Ralph Penrose, Mr. and Mrs. C. C. Gaus, Mrs. Archie Tinsdell and son James, Mrs. Leroy Bankus and sisters, Misses Etta and Burnia, Mrs. A. Landsburg, Mr. and Mrs. H. C. Coombes and daughters, Phyliss and Corinne and sons, Harold and Charles and Mr. Archie Miller.

Mr. Bob Foote, of the CCC camp, is spending a few days with his sister Mrs. A. Landsburg.

Mrs. P. C. Peterson spent the week end in Nevada City.

Mr. and Mrs. Tracy Miller were Grass Valley visitors Friday evening. Their daughter Janice returned to her home after spending a few days with her grandmother Mrs. Susie Miller.

Orange and Raspberry Sherbet at Colley's Confectionery.—Adv.

REWARD!

We will give anyone $5.00 for the name of any of our Westinghouse owners who have paid us 1 cent or more for repairs of any kind on a Westinghouse refrigerator.

Only Westinghouse is dual-automatic. The Westinghouse is the only fully automatic electric refrigerator on the market that is dual-automatic. Most refrigerators are automatic under normal conditions, but Westinghouse is automatic under abnormal conditions.

And remember the Westinghouse has no old fashioned cam or rollers to get pitted and loose their compression.

The Westinghouse has only 8 moving parts, sealed with a bath of oil, away from dust, dirt and corrosion.

You have never heard of a noisy Westinghouse, they are guaranteed against noise.

They do not use wood in their cabinets. They are all steel.

There is no armatures to burn out, belts to replace, brushes to replace, commutators to sand paper down, piston rings to replace. None of the old fashioned parts to give trouble.

No wonder Westinghouse can give a 5 year protection plan on the hermetically sealed mechanism for only one dollar ($1), per year.

No wonder any of our customers have never paid a cent for repairs on a Westinghouse. A Westinghouse will last for a life time and you forget there is a mechanism to it. You don't even have to oil it.

Why buy an old fashioned refrigerator with troublesome parts with a one year factory guarantee when you can buy a dual-automatic Westinghouse for the same money with a 5 year protection plan for only $1 per year. The Westinghouse has surplus power for hot days, so you may freeze a dessert in a short while in the hotest months of July and Augus. They operate cheaper, using less electricity than other electric refrigerators.

We know what a Westinghoouse will do. We will gladly put a Westinghouse electric refrigerator along side any electric refrigerator built. It will freeze faster, run less to do the same work, operate cheaper and run quieter.

Yes, we take in your old ice box and have the very to pay if you and have the very easiest of terms to pay, two years to pay if you like. We sold and delivered 9 Westinghouse refrigerators Saturday, June 30, 1934... There must be a reason.

TWO CALIFORNIA PRISONS MUCH OVERCROWDED

BERKELEY, Aug. 2.—California faces problems in its prisons which are so serious that they must be dealt with immediately, according to Richard Graves, research assistant in the University of California, Bureau of Public Administration.

In a public discussion of the national crime problem with Dr. Thomas D. Eliot, professor of sociology at Northwestern University, and Dr. E. Haynes, associate professor of law at the University of California, Mr. Graves said:

AMONG MOST CROWDED PRISONS IN WORLD

"California has two of the most over-crowded prisons in the world, and this condition is being aggravated daily by the influx of new prisoners. With almost 9,000 men in San Quentin and Folsom prisons, special interests have refused to permit prison officials to inaugurate adequate employment programs to keep these men busy during the term of imprisonment on worth-while work. We are, then, faced with the two greatest breeders of riots and discontent—overcrowding and idleness.

"Furthermore, the menace to the public is not confined to riots. Overcrowding also makes it impossible for the authorities to segregate the worst of the lot from the best, which means that the young man who has committed only one crime and probably would never commit another, is thrown into daily contact with the most hardened of our prison population and receives from them a complete education in crime. This should be a source of grave concern to all the people, since when these men are returned to society, they become in many instances a social menace, whereas proper treatment would have restored them to good citzenship. Prison administrators know this is true, but are unable to command popular support to remedy the situation. If this danger is to be removed, we need in California at least one new institution and some prison farms on which the men will be able to work to support themselves and their fellow prisoners. In addition, we need employment programs in our prisons so that all these men will be doing a full day's work. It it is true that on the outside idleness is a breeder of crime, how much more true is it that idleness in prison makes for a continued career in crime?"

DEFENDS PAROLE SYSTEM

Graves also criticised those people who oppose the parole system for criminals. He said: "It is strange that this greatest aid to crime prevention among released prisoners is at this time subject to wide-spread criticism in certain parts of California. Any reasonable man would recognize that after years of incarceration in a prison, a period of supervision under a trained parole officer is not only desirable but necessary for readjustment in society. While there are naturally some who fail to make good on parole and who commit some new crime, by far the greater number of paroled men live up to the terms of their parole. The confusion in the public mind appears to arise out of the fact that critics of the parole system forget that only a very few of the prison sentences are for life, and consequently most prisoners are returned to society eventually. In granting a parole, the prison authorities are substituting a period of supervision prior to discharge, for a discharge without any upervision.

SUPERVISORS UP TAX RATE 17C

The preliminary county budget tax rate for the fiscal year of 1934-35 compiled recently by the Nevada CountyB oard of Supervisors, shows an increase for the coming year of 17 cents on the $100 in the general tax fund.

Five cents of this increase is a fund set aside for the construction of a veterans memorial building in Truckee. The greater part of the remainder of the increase is for the two elections, the primary and general elections this fall.

The rate as tentatively set by the board is: General fund, $1.27; salary fund, 72 cents; junior college fund, 6 cents; veterans memorial building, 15 cents. This totals $2.20 as against $2.10 of the last fiscal year.

HEAD-ON CRASH REVEALS LOAD OF FIREARMS

CAMPTONVILLE, July 30.—The Camptonville Justice Court was in session from 6:30 until 10:30 Saturday night occasioned by a head-on collision which took place on the highway two miles south of town, when a car driven by R. H. Ratliff, of San Francisco and J. Marks of Marysville, came together. Marks ummoned Constable Erle Pauly who arrested Ratliff on a charge of driving on the wrong side of the highway. Traffic Officer A. J. Ponta investigated the wreck before the cars were moved. A young arsenal consisting of a shot gun, four rifles, a quanity of ammunition, a large automatic revolver and a black jack, along with two quarts of whiskey, all of which were brought into court.

The owner of the equipment was John D. Spain, a companion of Ratliffs. Judge Acton M. Cleveland demanded the license giving the owner the right to carry a concealed weapon, and upon failure to produce same, the Judge confiscated the pistol and the black jack. No formal charge was placed against Spain for possession of the illegal firearms, and Ratliff, being booked on a California Highway Patrol citation had the usual five days for appearance on the traffic charge. The two men repaired their car and continued on their journey, but circumstances being questionable, Sheriff McCoy contacted the San Francisco police, and learned that the men were wanted at the bay city on a charge of robbery. Sunday afternoon Marks swore to a complaint of carrying a concealed weapon without a license against Spain and a warrant was issued and placed in the hands of Sheriff Johnson of Downieville, who is making an endeavor to apprehend the violator. In the event of their capture, they will be turned over to the bay police, and the local charges will be held over to be taken up after prosecution of the robbery charges are finished at the bay.

NEVADA HIGH BAND GIVES FINE CONCERT

The Nevada City high school band gave one of its pleasant weekly concerts last Wednesday night from the balcony of the National Hotel.

Several members were absent, away on vacations, but the ranks were filled by ex-members home from college or university for the summer.

The following pieces were played:
El Capitan—Sousa.
Zacatecas—Codina.
National Emblem—Bagley.
Trombone Blues—Jewell.
Lights Out—McCoy.
Pride of the Land—Goldman.
New Colonial—Hall.
The Conqueror—Fieke.
Lassus Trombone—Jewell.
The Stars and Stripes—Sousa.
Bombasto—(A march)

Following is a list of those who played:

Cornets: Fred Browning, Roman Rozynski, Dick Marriott, Ruth Curnow, Ray Wilde.

Clarinets: Audrey Davis, Katherine Celio, Ruth Rector, Tom Legg, Rosemary Richards, Clarice Holland, Margaret Smithcamp.

Trombones: Carl Murchie, Dick Bennett, Art Elliott, Dick Stevens, Walter Warnecke.

Drums: Ben Sweeney, Carl Steger, Bill Kirkham.

Basses: Ralph Watters, Bill Jeffrey, Betsy Bennet, Charles Jeffrey.

Saxophones: Franklin Tuttle, Paul Hansen, Ray Steger.

Alto: Gove Celio.

Mr. Leslie Sweeney conducted with his usual vigor, and also played a solo trumpet in several of the pieces. He was congratulated heartily on the fine performance of his band.

SOCIAL EVENTS

Nevada City Girls On U. C. Dramatic Staff

BERKELEY, Aug. 2.—Appointments to the staff of the University of California Little Theatre, student drama group, for the coming year have been announced by Robert Neale, Mill Valley,r etiring general manager. Among those receiving appointments from Nevada City were: Miss Betty Bettles and the Misses Ruth and Margaret Rector.

Farewell Party for Joe Cicogni

A little farewell party was given Tuesday evening by the Bee and Examiner carriers of the Preston News Stand, in honor of Joe Cicogni, who has carried papers for Mrs. Preston faithfully for 10 years. Joe, who graduated from high school last spring, is to enter college this fall.

Refreshments and a social time were enjoyed back of the Preston's News Stand, with Miss Marjorie Cook being praised as hostess.

Those invited were Joe Cicogni, Jim Hunter, Bill Dent, Bob James, Omar Tonella, Dale Berger, Mrs. Jennie Preston, Mrs. Helen Berger and Miss Marjorie Cook.

Miss Catherine Parsons Complimented Guest

Miss Catherine Parsons was the honoree at a bridge luncheon given by the Misses Margaret and Ruth Rector on Tuesday. At the card game high scores were held by Miss Jane Parsons, Miss Betty Bettles, Miss Helen Chapman and Miss Parsons was awarded a guest prize.

Guests of the Miss Rector's were: Misses Rowena Finnegan, Betty Bettles, Gertrude Sawyer, Katherine Celio, Deynes Foley, Dorothy Tamblyn, Jane Parsons, Beth Curnow, Helen Chapman, Mary Washburn, Patricia Bonner, Dorothy Worthley, the hostesses and the guest of honor.

HEY! SKINNY! C'MON LET'S GO IN SWIMMIN'

The city trustees at their meeting last night decided to open the swim pool today to the eager crowd of Nevada City kiddies undes the supervision of Addison Jaynes as life guard. The pool has been thoroughly cleaned and filled for the occasion.

Mrs. Myrtle Bowman Opens Her New Beauty Parlor

Mrs. Myrtle Bee Bowman has opened one of the finest and best equipped Beauty Parlors next door to the Bowman barber shop. She has pleasant quarters with the latest equipment in the way of driers and other facilities for serving her many patrons. The new quarters were necessary because of the constant increase in her patronage. Partitions are stained pistachio green with modernistic black trimming to match her beautiful new mirrors. Her many friends and clients are delighted with this new parlor.

Another Big Dance At You Bet Hall

Another big spot dance will feature tomorrow night the gathering of young people that's held every Saturday night at the new You Bet hall. Fifty dollars in merchandise, including cases of beer and wine are some of the prizes awarded fortunate dancers. Duke's six-cylinder collegians provide the latest music for these popular Saturday night dances.

Personal

Mr. Charles Meservey and family, of Oakland, arrived last Friday and visited until Monday morning with Mr. Meservey's parents, Mr. and Mrs. W. E. Meservey at Town Talk.

Mr. and Mrs. Arthur Dolan and two daughters, Misses Genevieve and Lorraine, of San Francisco, motored to Nevada City Monday evening for a visit with Mr. Dolan's brother, Mr. James Doland and wife. Mr. Dolan, a mounted policeman, was able to get off for a day and returned with his daughter, Miss Genevieve, Tuesday evening. Mrs. Dolan and Miss Lorraine will remain for a vacation.

Elmer Poore, superintendent of the Quaker Hill mines, east of Nevada City, was a visitor Tuesday.

Mr. and Mrs. Horace Curnow and two daughters, of Nevada City and Mrs. Curnow's mother, Mrs. Elizabeth Bennetts, of Grass Valley, returned early this week from a delightful vacation at Santa Cruz. Mr. Curnow is on the staff of the local branch of the Bank of America.

Miss Alice Langman and sister, Mrs. Libby Shields, returned home Wednesday from a trip to Skagway, Alaska. On the way home they came the inland passage and visited in Vancouver and Seattle.

James Allen, who is operating the Foss gravel claims, in Bear Valley, was a Nevada City visitor Wednesday.

High School Principal H. E. Kjorlie, who with his wife are spending a vacation in North Dakota and Minnesota, has written friends and pupils in Nevada City, stating they were having a nice trip. His fishing trip was not as good as anticipated, as he stated the fish were not biting very well.

P. G. Scadden, candidate for County Assessor, accompanied by W. H. Moore, motored to Bear Valley, Spaulding, Emigrant Gap, and the You Bet country during the last week end.

Mr. and Mrs. Johnson and Vernon Stoll, of Grass Valley, spent Tuesday evening at McKeeysport, retreat of Attorney and Mrs. Harry McKee, up on the Tahoe-Ukiah highway. Mr. Johnson is employed in a geological survey work.

Mr. and Mrs. J. J. Jackson, Jr., motored to Auburn Wednesday morning and met his sister and family, Congressman Harry Englebright and wife and son, who were returning from Washington, D. C.

John Ghidotti, veteran sportsman, and one of Nevada City's most enthusiastic hunters, has brought out his trusty rifle and polished it up carefully for the opening of deer season. His deer hound is in fine condition and as the season nears he will be baying the moon every night.

Miss Florence Meservey, who is with the American Book Company in Oakland, is visiting with her parents Mr. and Mrs. W. E. Meservey at Town Talk.

Mrs. R. Comte, who has just moved here from San Francisco, is opening up a beauty parlor in the Frank Davis building on Commercial street. Mrs. Comte is a native of Dutch Flat. She will employ Miss Carmen Veck, of Downieville, as her assistant.

Mrs. Emma Foley returned from Ely, Nevada, Monday after a most enjoyable visit with her daughter, Mrs. Ryan and husband and new grandson.
